NetEnt's Arabian Nights strikes again as lucky swede wins €1.4m jackpot

A Swedish player with Hajper Casino bagged a life-changing win when a €10 euro bet generated a €1,4m jackpot.

Earlier this month a Swedish player landed the legendary five Aladdin wilds symbols while in free spins on one of the first jackpot games on the market, Arabian Nights. The player was playing at hajper.com, operated by ComeOn.

“Arabian Nights is such a legendary game in the jackpot segment. It has created instant millionaires continuously since it’s release back in 2005. We are thrilled the game yet again has delivered a life-changing win and would like to extend our congratulations to the player,” said **Bryan Upton, NetEnt Director of Games**.

Arabian Nights was one of the first jackpot games released by NetEnt. It has been followed by other classics like Mega Fortune, Mega Fortune Dreams and Hall of Gods. In the last year, new titles like Grand Spinn Superpot, Mercy of the Gods and Imperial Riches have been added to the jackpot games offering.
